

Double top 10 for Lennox Racing Team at the Italian ACI Karting Championship

Positive overall weekend for Lennox Racing Team at the Italian ACI Karting Championship, held at Franciacorta Karting Track. In view of the upcoming FIA Karting World Championship, the team was represented on track by Noah Wolfe and the newcomer Mees Houben, both in OKJ.

Our junior drivers, despite a tricky start of the weekend, managed to find the right way, climbing the standings in the heats, and being among the fastest on track throughout Saturday and Sunday. In both Sunday's Prefinal and Final, Houben and Wolfe worked together, recovering several positions and then ending the weekend in 5th and 6th place respectively.

Jordon Lennox-Lamb, Team Manager: "I'm very satisfied with the job done this weekend. The whole team worked really hard, and for sure we're on the right way in view of the World Championship".
